SUMMARY

Lifelong interdisciplinary learner seeking new growth opportunities in software development. Proficient in JavaScript, Java, React, and Spring Boot with hands-on experience building responsive, interactive applications. Background in quantitative and qualitative research (SPSS and Excel), and 6+ years of experience in collaborative research, project management, and public presentation.

LANGUAGES | FRAMEWORKS | TOOLS

Java, JavaScript | React, Spring Boot | MySQL Workbench

EXPERIENCE

Dynamic CV Builder — LaunchCode Capstone Project

- Built a responsive, single-page application in React enabling users to dynamically generate a CV based on selected components.
- Implemented state management and conditional rendering to customize displayed sections.

Assistant to the Assistant Superintendent of Instruction — Hazelwood School District

February 2025 - Present

- Organize professional development, assist with English Language Learner service provision, and generally support the running of district administration
- Work side-by-side with the Assistant Superintendent to ensure smooth running of 16,000+ student district.

Problem Solve Team — Amazon Fulfillment Center

June 2019 - August 2020

- Identified and resolved packaging errors using internal tracking software under strict time constraints.
- Collaborated in a 6-person cross-functional team to maintain process flow across a 4,000-person fulfillment center.

ESL Instructor — Nova Eikaiwa English Language School

March 2016 - March 2017

- Designed and delivered daily lessons for learners of varying ages and skill levels in groups of 1 to 10.
- Tracked learner progress and adjusted instruction using assessment data.
